

Permits/NPDES Office

Our Mission

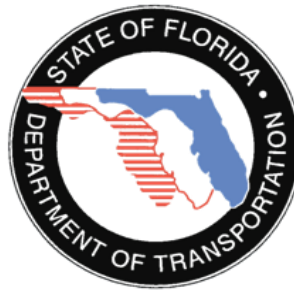

Serve and support our customers to ensure a safe and efficient transportation system through the permitting process and the NPDES/MS4 program.

Our Vision

To be the leader in ensuring a safe and efficient transportation system through the permitting process and the NPDES/MS4 program, while achieving customer satisfaction.

Our Values

Integrity	We always do what is right
Respect	We value diversity, talent and ideas
Commitment	We do what we say we are going to do
One FDOT	We are one agency, one team
Trust	We are open and fair
Customer Driven	We listen to our customers
Empowerment	We each have a responsibility in making prudent decisions
Innovation	We always look for new ways to improve
Teamwork	We are united to serve our customers
Excellence	We are driven to be the best

Who are we... and What do we do?

We offer permitting services for improvements proposed within FDOT right of way, including Access, Utilities, Drainage, and General Construction. Through the permitting process, we ensure compliance with State and Federal standards and specifications.

What is NPDES MS4 ?

National Pollutant Discharge Elimination System / Municipal Separate Storm Sewer System is a federal program designed to eliminate stormwater pollutant discharges to receiving waters of the United States.
